Netcelerate Named Winners of 2016 Hosted VoIP Excellence Award

Ottawa-based firm recognized as one of the top up-and-coming solution providers in North America

FOR IMMEDIATE RELEASE:

Ottawa, ON. – October 25th, 2016 – Netcelerate Corporation, an Ottawa-based VoIP and internet service provider, today announced it has been recognized by Internet Telephony Magazine as a member of the Winners of 2016 Hosted VoIP Excellence Award. The INTERNET TELEPHONY Hosted VoIP Excellence Awards honor services that have demonstrated innovation, unique features, and noteworthy developments - improving functionality and usability for their customers.

'It is my pleasure to congratulate the winners of the 2016 Hosted VoIP Innovation Awards,' said Rich Tehrani (News - Alert), CEO, TMC. 'These companies deliver innovative services, setting themselves apart in a crowded marketplace. I look forward to seeing their future innovation and successes.'

For more than 20 years, TMC (News - Alert) has been honoring technology companies with awards in various categories. These awards are regarded as some of the most prestigious and respected honors in the communications and technology sector worldwide. Winners represent prominent players in the market who consistently demonstrate the advancement of technologies. Each recipient is a verifiable leader in the marketplace.

ABOUT NETCELERATE

Netcelerate has become a leader in transforming business communications by providing small and medium enterprises with business grade phone systems, hosted and managed voice and data services, business communications, and mobility solutions. The company's solutions have been built using Cloud Computing architecture and robust, manageable network access technology to ensure the best quality of service and the highest security for their customers. Netcelerate strives to provide affordable, easy-to-use, cost-saving solutions that are simple to integrate modify and scale to accommodate enterprise growth. Netcelerate provides their customers with great telecommunication cost savings while maintaining high resiliency.

Netcelerate was established in 2003 and is headquartered in Ottawa, Ontario, with offices in Montreal, Toronto and Calgary. Netcelerate offers private networks across Canada, with network coverage in all major U.S. cities through various partnerships.
